

A large company like Sinclair Broadcasting using public airwaves to air a program that is anti-Kerry in the last days before an election is something that should not be permitted. I would feel just as strongly if it were an anti-Bush program. This is not in the public interest and since Sinclair uses the public airwaves free of charge they are obligated by law to serve the public interest. This is a clear example of the danger of media consolidation. Public airwaves should not be used to promote personal agenda and should represent all interests fairly. Thank you.
